

Fountain of LIVING WATERS

INDIAN MISSION

Dear Friends of the Fountain,

CIBECUE, ARIZONA

October, 2014

Crazy, isn't it? Here we are at the end of another year, and soon the holidays will be upon us. Where does a year go? We fill it up with activities and work and effort and it just seems to "melt away," doesn't it?

writing a new book

It's been a while since I have got the "itch" to create a new book, but I feel the nudge and inspiration to sit down and take up pen and paper. The subject is "miracles," the miracles that we've witnessed before and during our time on the mission field. The Lord has done some truly amazing things! I've already sketched out about 24 miracles and they just keep coming!

I was sharing a few of these with some folks back in Indiana and they said, "You ought to put these in a book! They would encourage people in their faith." Well, we'll see...

Wings of Faith

A couple of days ago, our friends at Wings of Faith in California sent a shipment of clothing, food and Bibles and landed at our landing strip here in Cibecue. Bruce Nelson, the pilot, flew his own craft (with wife Cindy) and we had a short visit and a prayer before he headed back into the "wide blue yonder." [I've included some photos.] Thanks! Wings of Faith.

upkeep

We've finished several small projects here at the mission: I added some gutters in several areas where badly needed. I also made some drywall repairs in my house and, I chopped two truckloads of firewood and two more were just delivered, so I'll be splitting that, as well as stacking, in preparation for fall and winter. It's great exercise! I enjoy the hard labor. We also sanded and painted our fireplaces. A fellow in the mission helped me with that.

Christmas is Coming!

The first checks for "Toys for Apache Kids" have started coming in. Praise the Lord! And thanks to those of you who have responded...God bless you! We invite your participation in this yearly project. I go shoppin' (or you do) and for 5-10 dollars, we get really nice gifts for the Apache children that always come to our annual program. Would you like to bless a needy child? Designate your check "toys" if you would like to help. And thanks! [bikes run about \$40-60]

computer work

Well, we had to make five separate trips to get a new printer up and running! That's 500 miles! I had to wind up "upgrading" my old computer just to be able to run the newer printer. My friend, Steve Countryman, did the upgrade for me...at no charge!

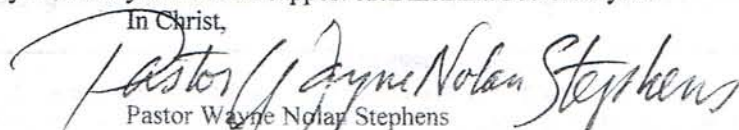

salvation

An Apache woman, Rebecca, that used to be a faithful member many years ago (but moved away) came to my door and asked for a sandwich and we wound up praying with her to ask Christ back into her life. She had backslidden. Many people come to my door for prayers, food, clothing, and God always provides.

We picked up a young Apache man, Chavo, that was hitch-hiking out of CBQ. We were blessed to lead him back to the Lord before he got out, 20 miles down the road! He had tears in his eyes...he used to serve the Lord. He had recently been in two different accidents!

Thank you all for your faithful support each month...God bless you!

In Christ,

Pastor Wayne Nolan Stephens
